

### **Rutgers Club Membership Statement**

We are sorry, but because of a ruling by the New Jersey Alcohol Beverage Control (ABC) we no longer are allowed to extend club membership privileges to members of University Alumni Associations as part of their alumni dues.

Alcoholic beverages may only be served to Club members and their guests when their written application for membership in The Rutgers Club has been approved, and following a three day waiting period.

Should you choose to apply, we will be happy to provide you with a membership application which requires an annual dues payment of only \$25.

Anyone is welcome to dine at the Rutgers Club. Membership is only required if you would like to purchase alcoholic beverages or book a private room.

We appreciate your past patronage, and we look forward to serving you as a member of The Rutgers Club.
